Reasons for Refusal

1. *The subject site is zoned RA – Rural Area with an objective to “To protect and promote in a balanced way, the development of agriculture, forestry and sustainable rural-related enterprise, community facilities, biodiversity, the rural landscape, and the built and cultural heritage.”* The applicant has not provided a satisfactory justification for the need and purpose of this structure. It is considered that the structure due to the nature, scale, mass and bulk would be inappropriate as a domestic ancillary building. The Planning Authority consider that the sensory room would be more appropriate as an extension to the main dwelling, while the justification for the remaining elements is not acceptable. It is considered that the proposed development would contravene DM OBJ 62 of the Meath County Development Plan 2021-2027, and would be and contrary to the proper planning and sustainable development of the area.
2. The proposed development, when taken in conjunction with existing and permitted development in the area would consolidate a haphazard and incongruous pattern of development which would be inappropriate to this rural area, and would result in an unduly precedent in the area, and would therefore be contrary to the proper planning and sustainable development of the area.
