Reasons for Refusal

1. It is a policy of the Meath County Development Plan 2021–2027 (DM OBJ 52 and DM OBJ 54) to ensure that appropriately sized and conveniently located bin storage facilities are provided within residential developments and are integrated with the design and character of the scheme. The proposed relocation of the bin storage area to the rear of Units 15, 16, 17 and 18 would result in a visually incongruous and poorly integrated element within the development, failing to respect the established character and appearance of the surrounding area. Furthermore, the proposed development would result in the loss of an area previously designated for landscaping and communal open space, thereby diminishing the visual amenity and recreational function of the development. In addition, by reason of its proximity to adjoining residential properties, the proposed bin storage area would be likely to give rise to noise, odour and general disturbance associated with its use and servicing, to the detriment of the residential amenities of nearby occupants. The Planning Authority therefore considers that the proposed development would be contrary to DM OBJ 52 and DM OBJ 54 of the Meath County Development Plan 2021–2027 and would be contrary to the proper planning and sustainable development of the area.
