Reasons for Refusal

1. The site is located in a rural area outside any designated settlement and in a Strong Rural Area as defined in the Meath County Development Plan 2021-2027 where development, which is not rurally generated, should be more properly located in a settlement.

It is policy of the County Development Plan to restrict housing in these areas to those who are intrinsically part of the rural community and those who have an occupation predominantly based in the rural community. In such areas, policy RD POL 1 seeks to *‘ensure that individual house developments in rural areas satisfy the housing requirements of persons who are an intrinsic part of the rural community in which they are proposed, subject to compliance with normal planning criteria’*.

It is considered, based on the information submitted, that the applicant has not provided sufficient details or established a long-standing and consistent rural generated housing need for a dwelling in this location. The local need details submitted do not show the applicant's continuous connection to the rural area over a significant period of time or in excess of five years and neither has the applicant demonstrated that they are significantly involved in agriculture or the bloodstock industry. The proposed development would therefore be contrary to the policy of the Meath County Development Plan 2021 – 2027 and the Sustainable Rural Housing Guidelines for Planning Authorities, would be contrary to the proper planning and sustainable development of the area and would establish a very undesirable future precedent.

2. It is the policy (RD POL 9) of the Meath County Development 2021 – 2027, *“To require all applications for rural houses to comply with the ‘Meath Rural House Design Guide’*. The proposed dwelling by reason of its size, scale, design and massing would be out of character and fails to integrate with the character of the surrounding rural area and would form a visually obtrusive feature, which would not respect and integrate with the surrounding landscape. Accordingly, to permit the proposed development would be contrary the aforementioned policy provisions of the Meath County Development Plan 2021-2027 and thereby contrary to the proper planning and sustainable development of the area.
