Reason for Refusal

1. It is objective under the Meath County Development Plan 2021-2027 (DM OBJ 50) to require all applications for residential extensions to propose a “High-quality design which respects, harmonises and integrates with the existing dwelling in terms of height, scale, materials used, finishes, window proportions, etc”. Further, it is policy under the Rural Development Strategy of the Development Plan (RD POL 32) *“To oppose the demolition and replacement of traditional or vernacular rural houses in order to protect the varied types of housing stock in rural areas of the County and to preserve the rural built heritage”*.

The proposed development, by reason of its scale, massing, design and siting, in addition to a significant departure from the original scope of the development proposal, would result in a visually dominant two-storey dwelling that would fail to integrate satisfactorily with the existing site context and surrounding rural landscape. Consequently, it is considered that the proposed development would establish a very undesirable future precedent and would be contrary to the proper planning and sustainable development of the area.
