Reasons for Refusal

1. It is a policy (RD POL 9) of the Meath County Development Plan 2021-2027, *“To require all applications for rural houses to comply with the ‘Meath Rural House Design Guide’*. Furthermore, policy RD POL 30 seeks, *“To promote the viable re-use of vernacular dwellings without losing their character and to support applications for the sensitive restoration of disused vernacular or traditional dwellings”*.

The existing dwelling is considered to be a good example of vernacular dwelling in the rural area. The proposed development by reason of its siting and form is considered out of keeping and fails to integrate with the highly sensitive character of the immediate surrounding rural area and would form a visually obtrusive feature, which would not respect and integrate with the surrounding landscape. Accordingly, to permit the proposed development would be contrary to the policies and provisions of the Meath County Development Plan 2021-2027 and thereby contrary to the proper planning and sustainable development of the area.

2. It is a policy (RD POL 9) of the Meath County Development Plan 2021-2027, *“To require all applications for rural houses to comply with the ‘Meath Rural House Design Guide’*.

Having regard to the siting and nature of the mobile home to be retained, it is considered that the development constitutes a substandard and temporary form of development that is out of character with the immediate surrounding rural area and would form a visually obtrusive feature, which would not respect and integrate with the surrounding landscape and would seriously injure the residential amenities of occupants of the structure, and would set an undesirable precedent for similar forms of development. Accordingly, to permit the proposed development would be contrary to the aforementioned policy provisions of the Meath County Development Plan 2021-2027 and thereby be contrary to the proper planning and sustainable development of the area.
