Reasons for Refusal

1. Having regard to the location of the dwelling to the rear of the existing dwelling, the absence of independent road frontage, the design and layout of the dwelling which is below the requirements of the Development Management Standards of the Meath County Development 2021-2027 and the Quality Housing for Sustainable Communities-Best Practice Guidelines for Delivering Homes, Sustaining Communities, 2007, and the general pattern of development in the area, it is considered that the proposed development if permitted would result in a poor standard of residential amenity for the intended occupants, would impact on the residential amenity of the existing dwelling and adjoining properties, would be contrary to the policy provisions of the Meath County Development Plan 2021-2027 and National Planning Guidelines, would depreciate the value of the adjoining properties and set an undesirable precedent for future development in the area. The proposed development would therefore be contrary to the proper planning and sustainable development of the area.
